

OASIS CENTER ANNUAL REPORT 2021

ABOUT OASIS

Building relationships that advance youth well-being, amplify youth voice and inspire action toward a just community

Located in Nashville, Oasis Center is a nationally recognized organization on a mission to help young people in Middle Tennessee move into a happy, healthy, and productive adulthood.

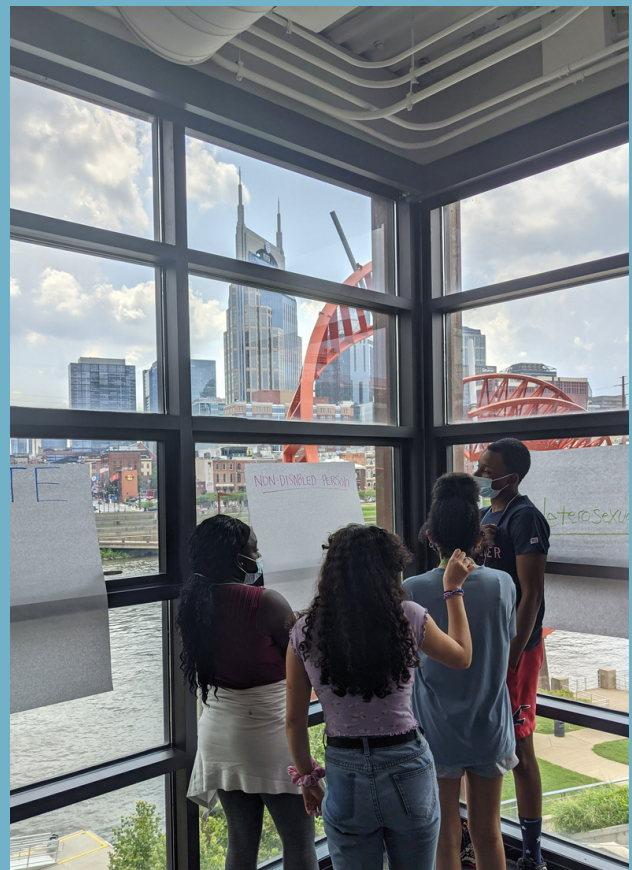

In 1969, a group of young lawyers came together to establish the "Rap House," a simple community center for runaway teens and youth struggling with addictions. Nearly 50 years later, the "Rap House" has evolved into Oasis Center, where over 3,000 youth and their families turn for help and direct support every year. Oasis Center provides a wide range of opportunities that reflect the diverse needs of youth and their families, from crisis intervention to youth leadership and community engagement to college and career access.

Our 20+ programs and services are based on the foundation of four areas for youth success - Safety, Belonging, Empowerment, and Generosity. All of our work is also firmly rooted in the evidence-based principles of Positive Youth Development and Trauma-Informed Care.

Youth Action, Advocacy, and Education

.....

Youth Action, Advocacy & Education (AAE) is a range of leadership development and community engagement programs that help youth, ages 11-24, cultivate healthy behaviors, build positive attitudes and life skills, and take action to create positive community change.

MAYOR'S YOUTH COUNCIL

The Mayor's Youth Council is a space where youth voice is prioritized and mobilized to create sustainable change throughout Nashville.

This year the Mayor's Youth Council consisted of 40 students from 17 different schools across Nashville. The group completed over 1000 hours of community service and hosted their annual Mayor's Youth Summit.

The Mayor's Youth Summit, held virtually, had 190 attendees with 31 MNPS schools represented and 27 Community Organizations represented.

In the spring, the group hosted the MLK Day Youth Symposium and the Youth Climate Summit, connecting with over 150 community members!

"Collaboration is best with youth AND adults."

-MYC COUNCIL MEMBER

BUILDING BRIDGES

Building Bridges is designed to prepare youth for living, working, and creating positive change in our diverse world. By completing any of the Building Bridges program experiences, youth benefit from a range of interactive activities that help them develop leadership competencies, demonstrate more inclusive attitudes and behaviors toward individuals who are different from them, and increase involvement in their communities.

The WE City program is a leadership development program for high-school-aged students in Davidson County. Ten young people joined the leadership cohort this program year and represented the diversity of Nashville.

**Change.
Leadership.
Community Engagement.**

STATEWIDE TOP

114

Youth Engaged

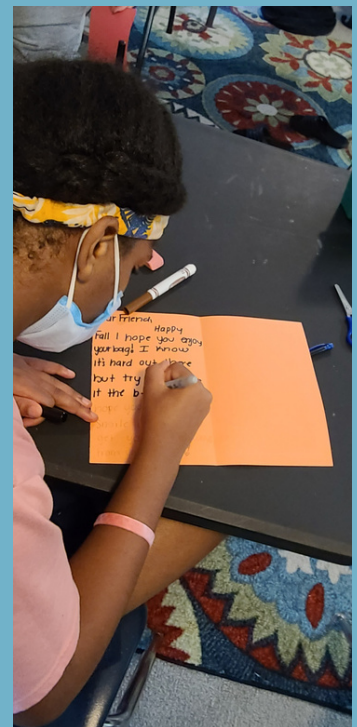

190

Staff Trained

700

Community Service
Hours

For over 25 years, Wyman's Teen Outreach Program (TOP®) has been a cornerstone of our work with teens in metro schools. This evidence-based model combines a safe, engaging group setting with service-learning to help young people build healthy behaviors, life skills, and a sense of purpose.

ART + ACTIVISM

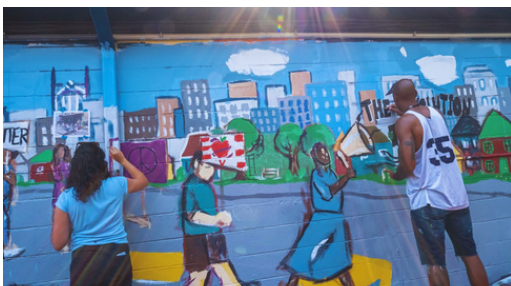

Throughout June & July this past summer, a group of 10 young people came together from all across Nashville for the purpose of creating a mural together under the guidance of local artist, Omari Booker.

This was the first summer program for the Underground Art Studio at Oasis, and it was also the first time we were able to meet in-person again since the pandemic began.

Schools represented by the youth included: Bellevue MS, Big Picture HS, Hillsboro HS, Hull Jackson ES Montessori, Hume-Fogg HS, IT Creswell MS, McGavock HS, and Valor Collegiate Academy.

Watch the mural come to life over the course of the summer! You can see it at Fisk Court right next to the ;Oasis at the Youth Opportunity Center!

JUST US

80

Youth Engaged

1633

Youth providers
reached with
LGTBQ+ training

22

Youth Received
Counseling

Oasis Center launched Just Us in 2011 with a simple goal: to provide LGBTQ+ youth a safe space all to their own, where they can build relationships with peers and caring adults and be affirmed for being their authentic selves.

When transitioning to online programming, Becoming Us and Students of Stonewall expanded their reach when programs were online. Students of Stonewall planned and implemented 19 service projects focused on social justice issues.

WE GO

WeGo Youth Action Team consisted of eight bright young students from six schools across Nashville.

Over the course of the school year, the group created useful transit information on social media, created and shared a survey to capture youth attitudes towards transit, and presented to key stakeholders in Nashville transit.

The team also got to meet with WeGo staff and the Transit Alliance to discuss transit equity and youth concerns!

"This program gave me a community. I made friends that were completely different from me and we were able to bond over public transit. I fell in love with Oasis as a whole."

-WEGO TEAM MEMBER

ITOP

For nearly 29 years, Oasis Center's International Teen Outreach Program (ITOP) has helped immigrant and refugee teens in Nashville find their identity in a new culture, develop life skills, and build a sense of purpose through education and service-learning.

This year:

- ITOP students volunteered 504 hours.
- 95% of ITOP participants reported feeling more connected to their community.
- 100% of ITOP participants reported an increased sense of empowerment to reach their goals.
- TEENS United, a part of Celebrate Nashville, was organized by 6 international youth representing 4 different countries including: El Salvador, Burma, Honduras, and Mexico.

BIKE WORKSHOP

Each year, we equip underserved youth with their own custom bike, which they build from frame to finish. In the Bike Workshop, youth select a donated bike that is theirs to keep at the end of the program.

This year's Bike Workshop served 31 youth and 94% reported increase in bike maintenance ability and knowledge.

The Watkins Pump track, located in North Nashville, completed construction and is now open to all riders! Since it opened, it has had more than 50,000 rides logged!

**Empower.
Rebuild.
Ride On.**

COLLEGE CONNECTION

761

Students Enrolled

3758

Calls to Students

13

Schools Served

Highlights for College Connection this year included a Virtual College Fair for MNPS Students.

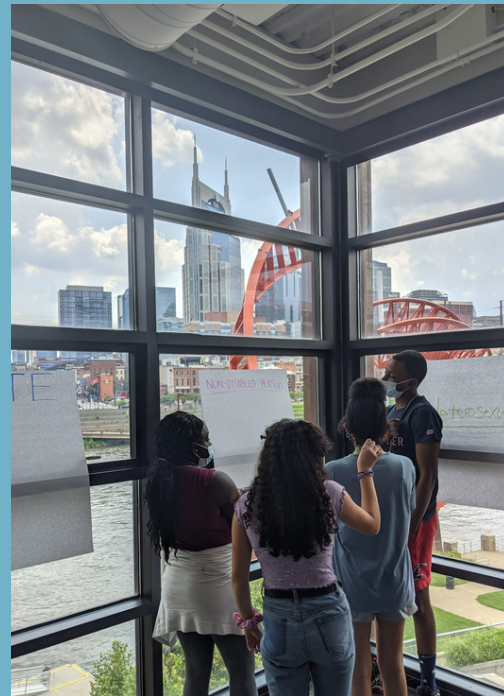

College Workbooks for Middle School Teachers as well as Students & Families were created. We also presented to the Foster Youth Review Board about our services.

For our middle school students, Gear Up mentors hosted a 'Gearing Up for College' Spring Break Camp.

Crisis & Residential Services

Crisis & Residential Services are exclusively for youth who are experiencing homelessness, have run away, and/or are experiencing personal or family issues. The COVID crisis has added an enormous burden on our youth. Through it all, our crisis services teams continued to provide much needed support to youth most in need.

RAPID REHOUSING

160

Youth Served

57

Average # of Days from
enrollment to move in

88

Moved into Housing

Rapid Rehousing (RRH) case managers assist in housing placement and rental assistance and connect clients to the following supportive services: temporary shelter, personal identification; high school/GED programs, post-secondary, and other education services; financial aid; public benefits; and health, mental health, and more.

FISK COURT

Fisk Court is Nashville's permanent supportive housing community for youth experiencing homelessness. Less than a year ago and as result of The Key (Nashville's citywide initiative to end youth homelessness by 2020), Urban Housing Solutions began making their 19 units at Fisk Court available to young people referred by Oasis.

Residents work with Oasis staff that provide case management, life, and employment skills development as well as other wrap-around services to help them adapt to their new living situation.

21

**Youth served in
Fisk Court from
2020-2021**

STREET OUTREACH

391

Total Youth Served

115

Youth that exited to a
permanent destination

Over 900 young adults in Nashville between the ages of 18 and 24 do not have safe place to sleep at night, a permanent address, or a place they can call “home.” Oasis Center’s Street Outreach Program is one of the only resources in Metro Nashville dedicated specifically to supporting these young people.

EMERGENCY SHELTER

The only one of its kind in Tennessee, the residential Shelter Program operates as a safe, therapeutic environment for youth ages 13-17 experiencing a myriad of difficulties, including, but not limited to: homelessness/unstable housing, runaway behaviors, family dynamic issues, mental health struggles.

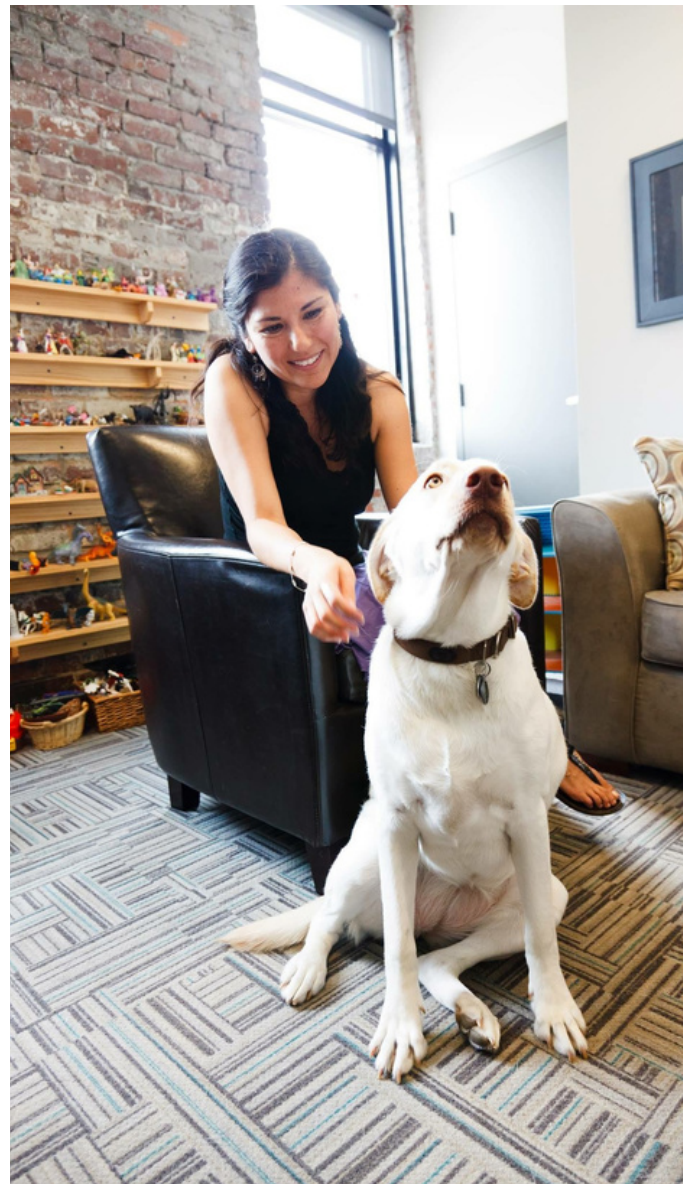

This year, 98% of youth exited the shelter to a safe living situation outside of foster care.

COUNSELING

Our counselors provide a comprehensive array of services to children and youth and to their families, which assists them in resolving problems, rediscovering and using their strengths, and returning to an optimal level of functioning.

This year Oasis provided free family counseling services for 346 youth and family members, including 78 youth and family members in our Shelter and 268 youth and family members through community-based counseling.
