About Oasis Center

Oasis Center is one of Middle Tennessee's most comprehensive youth development agencies, engaging over 4,000 young people and their families every year, across a broad spectrum of opportunities. At Oasis, we believe in the power of people and that our greatest impact happens when we come together and provide opportunities for our youth to feel connected, loved, valued and safe. To accomplish this, our 20+ programs and services are aligned within two focus areas:

- **Crisis to Housing** programs and services are designed to support marginalized, vulnerable youth, ages 13-24, in gaining long-term safety, stability, and self-sufficiency. From the moment a young person walks through our doors, a team of caring adults is with them every step of the way, from providing a meal, a temporary stay in our shelter, free individual and family counseling or helping them secure permanent housing and connecting them with additional resources that help them stay off the streets and live safe, healthy, happy lives.
- **Youth Action, Advocacy, and Education** programs encompass over 10 school-based and after-school initiatives committed to empowering youth. These programs aim to inspire young people to become agents of social change and accomplish what may seem insurmountable: being the first in their family to graduate from college, discovering diverse opportunities beyond the juvenile justice system, feeling loved and accepted no matter who they are or who they love, having their perspectives valued and their voices heard, or developing their untapped creativity.

We've been around for over 50 years because we recognize that we can't do any of this alone. All of our services are free-of-charge, thanks in large part to the generosity of our Nashville community.
